Engineer Lake

**Approximately 650
children celebrated
the
35th anniversary of
Earth Day at
Bamberg's Engineer**

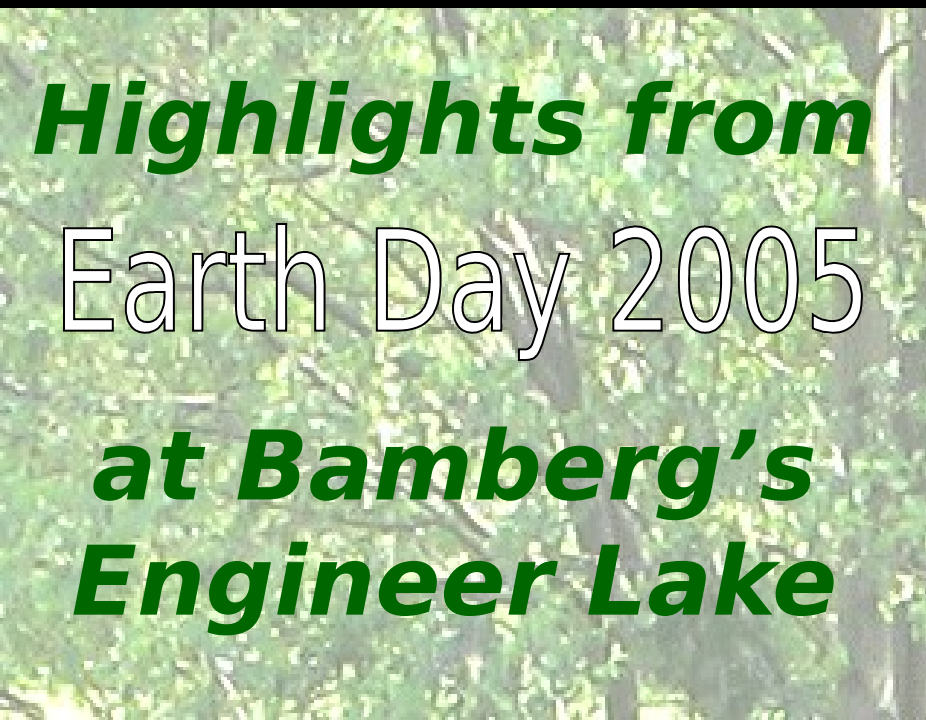

**The 279th BSB
Department of
Public Works
Environmental
Office and
Bamberg
Elementary School
Gifted Education
Specialist Dr.
Delome
Greenwald-
Schmitt teamed
up to offer
students the
opportunity to
interact with
nature.**

Earth Day 2005
at Bamberg's
Engineer Lake***

Earth Day was celebrated for the first time in the United States April 22, 1970. It has evolved from a national environmental recognition into a world-wide campaign to protect the global environment.

Students were able to directly interact with nature by walking the nature trail and path of senses...

**...or by
viewing static
environmental
displays.**

Students learned about water physics by using a spiral pump.

**Others interacted with nature by making
music
on wooden plates and stones.**

**Everyone enjoyed
a
complimentary
lunch.**
